

INITIAL INTERVIEW

QUESTION AND ANSWER

1 Tell me about yourself ?

- I am a recent graduate from Colegio De Montalban (CDM). I am a hard worker, eager to learn. I have finished my degree in Bachelor of Science in Business Administration Major in Human Resource Management (BSBA-HRM). I am looking to apply what I have learned while developing some real work experience to further my growth and abilities.

2 What are your strengths?

- One of my strengths is adaptability. I am able to quickly absorb the new environment and tasks. I consider myself organized and responsible, both of which are useful when I have to complete assigned work, especially under deadlines.

3 What are your weaknesses?

- I can be a perfectionist, which often slows me down during my work process, because I want everything to be perfect. However, I try to balance this with setting reasonable expectations and timelines.

4 Why do you want to work here?

- I want to work here because your company has established itself as an innovator and as an organization that develops its employees. I admire the culture of excellence and teamwork. I believe this will allow me to learn and grow while contributing to something meaningful.

5 What do you know about our company?

- I know that your company has a strong reputation for consistency and for having a dedication to excellence. You have established a strong reputation for creating a great work environment and providing reliable outcomes, which is why many professionals aspire to work for you.

6 Where did you find out about this job opportunity?

- I came across this opportunity on your official website and followed up by learning more about your company culture and employee experiences. That convinced me that this would be a great place to begin my professional journey.

7 Why did you choose your course/field of study?

- Because this course is something I want to learn and has more opportunities, besides I want to improve my self

8 How do you handle stress and pressure?

- I am calm and focused when working in a stressful environment. I break down tasks into manageable pieces and chunks, establish priorities, and stay organized. I actually see pressure as a motivator for my better performance and motivates me to resolve/capture creative means to overcome challenges.

9

Do you prefer to work on your own or in a team?

- I am open to both working on my own or in a team. I enjoy working in a team environment because the collaboration creates better ideas and results. However, I work well independently when tasks require focused work and individual accountability. I consider a balance of independent and collaborative work as haphazard.

10

What are your career goals?

- My goal is to obtain practical experience and continue improving my skill set in a truly professional environment. Over time I hope to add more responsibility, contribute to meaningful projects, eventually becoming a trustworthy individual in my profession.

FINAL INTERVIEW

QUESTION AND ANSWER

1

What makes you the best candidate for this position?

- I'm the best candidate for this position because I have a solid knowledge base, an optimistic and positive attitude, and a willingness to learn. I am a quick learner, extremely detail-oriented, willing to adapt quickly, and committed to giving quality work. I also appreciate working with other people and understand the value of teamwork. I would be thrilled to be a part of your team and contribute to the team's success.

2

What motivates you to do your best work?

- I am motivated by growth, both personally and professionally. I strive to learn something new every day. The opportunity to learn something new, contribute to a common goal with others, and thereby improve people's lives that, for me, is what motivates me to do my best work every day.

3

What are your salary expectations?

- As a new graduate, I am open to a fair and competitive starting salary that takes into account the responsibilities of the job, industry standards, and company policies and budget. I'm looking to gain experience and grow with the company.

4

Where do you see yourself in five years?

- I see myself as a significantly improved performing professional, skilled and confident. I hope to be contributing and working on larger projects, mentoring others, and continuing to take on more responsibilities that I find meaningful and fulfilling in the organization.

5

What is your greatest achievement so far?

- I will have the utmost success with your work ethic. You take pride in being on time, working hard and always willing to learn something new.

6

How do you prioritize your tasks - when you have multiple deadlines?

- I begin my prioritization by tackling the most urgent tasks first. I break them down into small chunks or tasks, and then I create a simple schedule to keep myself in check. Having a simple nudge to stay organized helps me meet all deadlines.

7

What do you enjoy most about your work or studies?

- I like the process of problem-solving and coming up with creative solutions. That's my favourite part, and it is satisfying to see and understand how I have made a positive contribution, whether that is in a project or in learning something new.

8

Why should we hire you?

- You should hire me because I want this job as it fits with my skills and interests, and I'm looking forward to the chance to give back to your team while growing professionally.

9

Do you have any questions for us?

- Yes, I want to know what a typical day would entail for this role and how success looks for someone in this position.

10

Is there anything else you want to tell us?

- I simply want to thank you for the opportunity; I am excited about joining your team, and I will commit to the role and the company.
